

Academic Session No: 413

March 11, 2019

Dear Spelt Member

Assalam o Alaikum

It was a wonderful experience to conduct Academic session at Dr. Ziauddin Intermediate College, North Nazimabad last month. Around 80 participants attended the session and learnt new techniques regarding teaching English through story telling. This month we will meet at SPELT Head office to learn about creating positive environment in classroom. You may also invite your colleagues to get benefit from these free sessions. Looking forward to see you at the Academic Session.

Creating Positive Environment in a Classroom

It is a fact that the classroom environment directly affect on students' behaviors, learning abilities and motivation. Teachers can play vital role in creating a positive environment in a classroom where students want to learn and practice with enthusiasm and motivate each other.

When you hear parents talk about their dreams for their children, they often use words like; successful, confident, curious, kind and hard-working. When you ask teachers what they teach, you hear words; reading, writing, language, math's, science...etc. Teachers can bridge this gap by creating a positive environment where parents' expectations are fulfilled and teachers achieve their goals of Academic Excellence.

This interactive and fun filled Academic session is organized for all those teachers who want to bring change in the society by bringing positivity in their classrooms and give priority to students' character building and grooming along with Academic achievements.

Aida Tasneem Zafar is an English Language teacher and a Coordinator in Schooling system in Karachi. She has worked as a TESOL and English for Specific Purposes (ESP) instructor in UAE. She has also offered teacher trainings in lesson planning, Creative Writing, Team activities across the curriculum and building rapport with students. Her current interest lies in teaching Writing Skills to Young Writers and Incorporating Character Building into Lesson Planning.
