## **Teacher Tools for Online Assessments**

The online assessments provide teachers with insight into students' learning progress, skill acquisition and educational needs. When meaningful and well-constructed, they facilitate pupils gear up for accomplishments by challenging them to self-reflect, engage, and apply their knowledge to answer questions, develop links, solve problems, strengthen concepts and communicate information. Online assessments are productive when they are ongoing, consistent, and provide critical and prompt feedback to learners. This webinar encompasses online easy-to-use assessment tools that teachers of all subjects can incorporate in their online instructions, ranging from discussion to quizzing, polling, student responses to interactive videos. It aims to introduce the assessment tools from the initial stage to support educators of every technology proficiency level.
