HOW DO WE SHIFT FROM DISTRACTION TO ENLIGHTENMENT? THREE REFLECTIONS FROM MY BOOK THE TRANSCENDENT EDUCATOR.

The Transcendent Educator is based on the awakening that was experienced a few years ago. This awakening, shared as a framework, can enlighten educators on the process of transcending as educators and human beings. This academic session will attempt to unfold the passion of planting and germinating the seeds of Spirituality, Humility, Innovation and Action in the minds of educators, because educators are agents of change in society.

The book writing process almost four years ago, and it is strongly felt that this book was destined to be published at the most appropriate time. As we move towards the new normal with the raging pandemic of COVID 19, we are hoping that this academic session will inspire global academics to become "Transcendent Educators," thus changing our approach towards education and ultimately towards life.

In the academic session, the facilitator will share following three key learnings from the book and will go deep into them.

- Shift from outcomes based to Identity based Mindset
- Listen = Silent
- Feed your Mind

The presenter will also discuss the significance of meditation, and how it has positively impacted his life. The participants will be taken through a guided meditation practice.
