

# Exploring AI Horizons for Language Teachers

**TARGET AUDIENCE:** All Teachers,  
Coordinators, Principals and Heads

## Abstract

“Exploring AI Horizons for Language Teachers” workshop, is an interactive 90-minute session for educators of all levels. It will provide a hands on experience of using Artificial Intelligence (AI) tools in language education.

In the session, participants will explore AI-based language activities that will facilitate the teachers in preparation of co-curricular activities to help students learn language with ease. During the session, participants will learn collaborative storytelling and making literary analysis.

## Profile

*Shireen Khan is a 25-year social entrepreneur and NLP-based Performance Boosting Strategist in Pakistan. She helps bridge the gap between students, teachers, and industry, improving self-awareness, capacity, and productivity. Shireen works primarily with students, solo entrepreneurs, and women entrepreneurs to boost confidence and productivity through personal and professional skills development. She has expertise in content and course development, writing, graphics, digital marketing, and work-life stress management.
