

Reading Reimagined: ELT Strategies through Perusall

TARGET AUDIENCE: All Teachers, Coordinators, Principals and Heads

In an era where engaging ESL students in reading assignments proves challenging, with compliance rates lingering around 20-30% (Miller et al, 2018) for pre-class readings, the need for innovative solutions is paramount. This workshop presents Perusall, a cutting-edge social learning platform, as a transformative tool to elevate reading compliance and engagement. Participants will immerse themselves in the Perusall experience in this interactive session, designed to enrich their pedagogical repertoire. By the workshop's conclusion, ESL educators will be equipped with practical strategies and insights to bolster reading comprehension and facilitate language acquisition in their diverse classrooms.

Workshop Highlights:

- Discover Perusall: Learn how to use Perusall to foster active reading and improve student engagement.
- Interactive Experience: Participate in a live demo and collaborative activities to understand Perusall's impact.
- Practical Strategies: Leave with actionable strategies and a Perusall activity template for immediate classroom implementation.

Dr. Farah Akbar teaches in the Applied Linguistics and TESOL Program and serves as a Senior Teaching Mentor in the TESOL Certificate Program at Teachers College, Columbia University. She earned her Ed.D. in Applied Linguistics with a specialization in Second Language Acquisition at Teachers College. Her international teaching experience includes roles at Hunter College, the City University of New York, the Institute for Educational Development at Aga Khan University, and various institutions across Pakistan, China, Korea, and the US. Farah's research focuses on technology-enhanced language learning and teaching, game-based teaching, curriculum development, and teacher education. She has contributed to the field through publications in well-regarded journals and book chapters. .
