

# A Guide to Effective Language Practice Using ChatGPT

This presentation explores the transformative role of chatbots in augmenting language skills, serving as a comprehensive guide to effective language practice. As digital language learning tools continue to evolve, chatbots have emerged as invaluable companions for learners seeking immersive and personalized experiences. The presentation navigates through the selection process, guiding participants in choosing the right chatbot tailored to their language proficiency and individualized goals. Emphasizing the significance of regular practice, the session delves into initiating conversations, receiving constructive feedback, and strategically utilizing chatbots to reinforce language skills. Participants will discover how chatbots simulate real-life scenarios, enabling practical language use in contexts such as ordering food or asking for directions. With an exploration of multimedia options and insights into engaging conversations with native speakers, the presentation encourages a holistic approach to language learning. Users are empowered to monitor their progress, celebrating milestones while actively contributing to chatbot improvements through feedback.

**Kashfia Latafat** has done double masters in Economics and International Relations from the University of Karachi. Additionally, she pursued a B.Ed. in Educational Leadership & Management and a PDQ in teaching and learning from Cambridge University. Over the span of eighteen years, she has immersed herself in the field of education, serving as a Lecturer, Researcher, and Teacher Trainer in prestigious private organizations.
